Discover the opportunity for double-figure returns in Asian infrastructure and accelerate your fundraising from the region at the 7th annual **Infrastructure Investor Hong Kong Summit** on 12-14 November.

Comprised of 3 distinct Forums - the Renewable Energy Forum, the centrepiece Asia Forum, and the Infrastructure Debt Forum - the Hong Kong Summit is the must-attend event to turbocharge your investment and fundraising strategies in Asia.

With more than 80 Asian LPs actively assessing global and regional opportunities in attendance, the networking opportunity with 300+ attendees from over 30 countries is unrivalled in the region.

The Summit is THE meeting place to discuss regional infrastructure and Asian outbound investment.

## 3 distinct Forums, 1 must-attend Hong Kong Summit

### Renewable Energy Forum

Develop your energy transition strategy and analyse the “biggest investment opportunity of the century” in Asian renewables at the 2nd annual **Renewable Energy Forum** on **12 November** to open proceedings, taking place in a new and improved venue.

### Asia Forum

Asia’s flagship infrastructure investment meeting place, the 7th annual **Asia Forum** on **13-14 November** will connect you with the *Who’s Who* of global infrastructure to analyse regional markets and the flows of Asian capital to global projects.

### Infrastructure Debt Forum

As appetite for infrastructure debt continues, the dedicated **Infrastructure Investor Debt Forum** on **14 November** will give opportunity for global fund managers to connect with the Asian LPs looking to complement their equity assets with lower-risk global debt strategies.

## Keynote speaker

**Ang Seng Eng**  
CIO - Infrastructure  
GIC

# 5 Hong Kong Summit sessions your bottom-line **can't afford to miss**

## Renewable Energy Forum

12 November

1100

### Panel: What next for regional offshore wind?

- » What are the increasing opportunities for offshore wind?
- » What lessons have been learnt from Taiwan?
- » Investment opportunities in areas by geography

1400

### Panel: The rising emergence of corporate PPAs

- » How fast will the growth of the PPA market occur?
- » What are the reasons attracting corporates to PPAs?
- » The role of banks, supply chain providers and governments in PPAs

## Asia Forum

13-14 November

1120

### Panel: The rise of direct investment in Asia

- » What is driving larger LPs from the West to open local offices?
- » Where are direct LPs investing in the region?
- » Lessons learnt - what have been the challenges for direct investors entering the market?

1150

### Panel: Understanding the APAC LP

- » What's driving APAC LP investment into infrastructure?
- » Understanding the diverse investment appetites and strategies of APAC LPs
- » Advice for successful fundraising in the region, what do GPs need to know?

## Infrastructure Debt Forum

14 November

1430

### Keynote Panel: The rise and rise of infrastructure debt

- » Assessing the rapid rise of the asset class and current debt fundraising landscape
- » How does infra debt compare with other fixed income classes such as corporate debt?
- » Is infrastructure debt a lower risk way of liability matching for asset owners, such as insurance companies?

As infrastructure as an asset class continues to grow, Infrastructure Investor's events around the globe provide both investors and global infrastructure managers with a great forum to come together and discuss the industry - where we've been and where we're going.

## Key features of the Summit

New and improved venue for Renewable Energy Forum

Closed-door LP only breakfast for frank discussions on the asset class

Improved networking app to enhance your relationship-building before, during and after

Cocktail receptions at the end of each day to solidify relationships

Addition of Infrastructure Debt Forum to diversify your strategies

Structured networking to connect with like-minded professionals

Be at the forefront of the investment and fundraising opportunities in the region with a heightened Asia focus

Excellent content and networking opportunities. I was impressed that most attendees were serious about their participation. Perhaps that owes to the mix of sectors, rather than just having mainly GPs.
