# Build valuable connections with the entire global infrastructure industry

## The Emerald Gala Reception

Connect with your peers on Monday evening to kick-start your networking and initiate future investment opportunities. One lucky attendee will leave with a little extra emerald sparkle!

## One-to-one meeting app

Use our app to connect with 600+ institutional investors. Arrange informal meetings ahead of and during the event to maximise your networking across the week.

## Q&A with keynote speakers

Watch a keynote speaker in the main plenary room or catch them in an intimate Q&A later in the day for unmissable insights to help grow your business.

## Private meeting rooms

Quiet areas away from the bustle of the event provide a space for your team to meet investors and get deals done.

## Seven co-located forums under one roof

Attending specialist events covering every aspect of infrastructure means you are guaranteed to connect with people focused on the same interest areas as you.

## Today's leaders discuss the future of infrastructure

2020 features more keynotes than ever before, including:

### Lord John Browne

**Former CEO, BP and Executive Chairman, L1 Energy**

Lord John Browne will discuss planning infrastructure for the future. Browne is an advocate for greater imagination in planning and design. He will explain how governments and political leaders can deliver infrastructure of greater boldness and better quality by putting this advice into practice.

### James Kerr

**Founding Partner  
Fable Partners**

James Kerr is the man behind the award-winning book *Legacy: What the All Blacks Can Teach Us About the Business of Life*. James will explain how high-performing teams put leadership, teamwork and handling pressure at the heart of daily life.

### Dr. Ayesha Khanna

**Co-founder and CEO  
ADD0 AI**

Dr Khanna will share her expertise on the future of cities and specifically address how digital applications are transforming urban areas across the globe. Ayesha has been a strategic advisor on artificial intelligence, smart cities and fintech to a wide variety of clients.

If you are serious about infrastructure investing, Infrastructure Investor's Global Summit should be a fixture in your calendar."

**Lincoln Webb,**  
Executive Vice President,  
Infrastructure & Renewable Resources, BCI
