KEYNOTE

The VC Mindset in Tackling Global Challenges

Kate Bingham

Managing Partner

SV Health Investors, and former Chair of UK
Government's Vaccine Taskforce

In May 2020, Kate was appointed Chair of the UK Vaccine Taskforce to lead national efforts to find and manufacture a COVID-19 vaccine. Seven months later, the UK begins the world's first mass vaccination programme. Her unique keynote presentation focused on the advantages of the biotech mindset, and the ability to be nimble and small when addressing global challenges.

Featured sessions across the forum included:

The route to scaling impact: dedicated funds vs integration with ESG?

Structuring impact to go mainstream with institutional investors

KEYNOTE: The VC mindset in tackling global challenges

Impact methodologies: will measurements reach a financial reporting standard and what to do in the meantime?

Creating a credible impact roadmap for investments

TESTIMONIALS

from the 2021 forum

"Great combination and balance of plenary sessions, thematic breakout sessions and networking time. I had a sense of both the depth of participants and the development of more personal interaction."

Teresa Farmaki
