

2019 LP-GP Meetings Report

Greetings from the team here at PartnerConnect Events, part of PEI Media.

2019 was one of our best years, to date, both in terms of the number of meetings we conducted, and the success of our match-making, as we continue to evolve our process. As you may know, at our events we conduct a 1-on-1, speed-dating style meetings program - called **ExecConnect** - which matches Institutional Investors and Family Offices seeking private markets returns, with middle-market GPs and Independent Sponsors who are in the market fundraising.

Since we started the **ExecConnect** program in 2011, we have conducted **13,788** meetings over the course of 60 events, helping nearly **2,000** PE, VC, and Real Estate funds raise billions in capital, and assisting nearly **3,000** LPs find their next out-performing fund manager or independent sponsor. At our Family Office Connect series of events, we even enable Family Offices to hand-pick and meet with other Family Offices, quickly becoming a popular new feature of our events.

Events in **2019**

Total Meetings: **1,915**

Total LPs & Family Offices
Participating in ExecConnect: **452**

Total GPs & Independent Sponsors
Participating in ExecConnect: **312**

Total LPs and Family Offices
attending our events: **710**

Only registrants at our networking events can participate in **ExecConnect**. If you would like to get registered for one of our events, or simply to learn more about the **ExecConnect** 1-on-1 meetings program, please feel free to reach out to me.

Andrew Yale, at Andrew.Y@peimedia.com or 646-989-8025.

I look forward to speaking with you soon.
