

Responsible Investment Forum: APAC Investor Day Virtual Experience 2021

Responsible Investment Forum: APAC Investor Day

16 September 2021 | Virtual Event UTC+8

Following on from the success of the inaugural event PEI Responsible Investment Forum: Tokyo, PEI will bring together Asia-Pacific LPs virtually before the 2022 physical event for a unique networking opportunity. The **Responsible Investment Forum: APAC Investor Day** has been designed to address the integration of ESG into alternative investments and how to influence fund managers to take up crucial roles across sectors, regions and asset classes.

Each 20-min interactive roundtable, leading by a facilitator, creates a space for LPs attendees to be directly involved in the conversation, share thoughts on key topics and learn what other LP peers are thinking in terms of strategy, policy and allocations.

All timings are in Hong Kong time (UTC +8). For LPs registration, please RSVP by sending email to Koki Kuramoto at koki.k@peimedia.com or Elliot Chae at elliott.chae@peimedia.com.
