# Introduction

In November 2021, for its 16th year, the **PERE America Summit** was one of the first large-scale conferences to be hosted in-person since the start of the pandemic. The conference brought together some of North America's biggest institutional investors and fund managers, with more than 200 attendees and 70 speakers over two days.

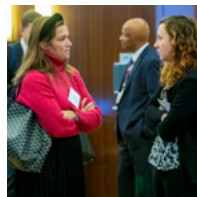

As the real estate industry goes through one of the most dynamic periods in its history, our distinguished panel of speakers discussed how the Americas market was faring relative to other investment regions, explored the outlook of the US private debt landscape, opportunities in industrial real estate, and debated the pillars of strategy needed to be successful real estate investors in the coming decade.

Register your interest for the **PERE America Summit 2022** which will be held on **15-16 November 2022** in New York by contacting [peremembership@peimedia.com](mailto:peremembership@peimedia.com).

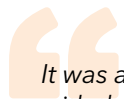

*It allows me to reconnect with some of the fellow RE investment professionals whom I have known for a while, and it's always good to hear what our competitors are doing and stay ahead of the market.*

# North America's leading network of investors and managers

*It was a truly interesting and useful conversation with the rest of the eminent industry players.*
