13.20 [Networking Lunch Break](#)

13.25 [LPs in Real Assets Lunch \(invite only\)](#)

Real Assets Plenary

Once again, the audiences rejoin for a deeper dive into the real assets world – starting with a lively debate on the for and against of joining up real assets teams, followed by sector specific panels

14.20 Real Assets Debate: [Unification or specialisation?](#)

Join your peers for an on-stage debate featuring LPs and GPs as they debate:

- The case for convergence: How unified real assets teams unlock cross-asset insights, improve capital allocation and align more naturally with multi-asset GP platforms
- The case for specialist silos: How dedicated real estate and infrastructure teams

deliver deeper expertise, sharper underwriting and stronger governance as assets become more operational and complex

Speakers:

Elisabetta Leoni, Senior Investment Director, **AustralianSuper**

14.50 Real Assets Panel: [Data centers: the new backbone of real assets](#)

- How investors are approaching data centers as a real assets strategy, including the convergence of real estate and digital infrastructure, the rise of hyperscale demand and operational intensity?
- Where key risks and opportunities lie, from power-constrained markets and AI driven demand to land scarcity, grid access, sustainability requirements and evolving tenant demands
- What capabilities and platforms are needed to succeed and how can real assets teams leverage cross-aisle expertise in energy, development and operations to create value?

Speakers:

- **Siobhán Nagle**, Managing Director, **Digital Infrastructure EMEA**
- *Panel position reserved for **David Emes**, Head of Infrastructure Capital Raising, **L&G***

15.30 [End of conference & Coffee to go](#)
