The **Responsible Investor Asia** conference provides insight into how leading organisations are implementing ESG and responsible investment strategies that deliver value and sustainable outcomes across Asia. Bringing together investors from across the region, this is a must-attend event for any ESG, sustainable finance and responsible investment professionals.

Programme at a glance

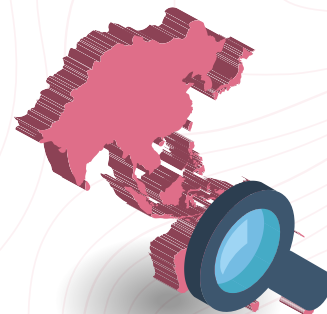

Valuable insight into the sustainable finance industry

Hear from industry leaders on topics and trends that are shaping the investment landscape during high-level discussions critical to advancing Asia's future economy.

Expand your professional network

Connect with the entire ESG ecosystem including banks, pension funds, insurers, NGOs, think tanks, and financial regulators. Build your network to advance your professional horizons.

Asian-focused content with a global perspective

With a well-established network of sustainable finance practitioners, Responsible Investor will bring together both local and international attendees to discuss how to progress Asian business in a sustainability-conscious world.

Featured sessions from the agenda

How is ESG playing out in Asia?

- » What are the key drivers for ESG in Asia?
- » What is the nature and volume of ESG transaction flow in Asia?
- » Are ESG transactions losing or gaining market share in the current macroeconomic and geopolitical conditions?
- » Do the Asian business norms and data availability challenges make it impossible to implement ESG standards from Europe and North America in Asia?

Roundtable of ESG regulators

- » What will the ESG regulatory environment in Asia look like in the coming years?
- » What are your key considerations and priorities in the development of ESG regulations?
- » Is Asia likely to follow rules-based or principles-based ESG regulatory regimes?
- » Question of regional regulatory convergence – is it a good thing or a problem?

Future of biodiversity in investment portfolios - risks and opportunities

- » What biodiversity investment products focused on ASAC are there on the market?
- » With COP 15 coming up, what role can investors play in addressing biodiversity loss in Asia?
- » What are the risks associated with biodiversity loss?
- » How can investors manage biodiversity risk in the portfolio?
