The worlds' leading diversity event focused on alternatives is coming to New York. Expect the same premier event, but on your doorstep.

The Women in Private Markets Summit provides insight into how leading experts are actively addressing diversity within their own businesses and those they work with. Join for unrivalled cross-asset class networking you can't find anywhere else.

A must-attend event for those working across private equity, infrastructure, private debt, and real estate.

Excited to be a part of the inaugural North American Women in Private Markets Summit to connect, network, and learn from experts in the industry.

Summit at a glance:

Hear from industry leaders

Learn how leading experts are actively addressing diversity within their own businesses and those they work with. Understand how investor allocations are changing across private markets, what trends leading fund managers are seeing across their asset classes, why secondaries continue to boom, and much more.

Meet institutional investors

Hear from investors who are looking to increase their exposure to private markets and benefit from our expansive global investor community. Previous investors include Allstate Investment, Border to Coast Pensions Partnership, Greater Manchester Pension Fund, NYSNA Pension Plan and Benefits Fund and Pension Protection Fund.

Network with your peers

Take part in an interactive agenda designed to encourage connections and insight sharing. Join themed roundtable discussions, unique mentor sessions, invitation-only think tanks, an evening drinks reception and networking breaks to build relationships and share best practices with your peers.

Featured sessions:

How there is increased pressure on ESG from all angles in North America

- » Investor commitments and tighter scrutiny on ESG
- » How the regulatory agenda is pivoting to enforcement practices
- » To what extent are lenders challenging borrowers on ESG risk management due to commitments and regulatory obligations?
- » The danger of losing the license to operate
- » How big a threat is the anti-ESG backlash to progress in US businesses more generally?

Asset allocations to private markets in a more challenging environment

- » To what extent has the slump in equities led investors to sell off holdings in private markets?
- » Does appetite for co-investment remain high?
- » How can managers differentiate themselves in a crowded field?
- » Have investors turned down funds due to lack of diversity? What pressure are they putting on?

State of private markets: where are we now?

- » How are managers changing strategies to deal with inflation and increasing interest rates?
- » To what extent is the democratisation of private markets a positive and current trend?
- » What does the rise of sustainably mean for investment strategy in practice?
- » Fundraising and dealmaking predictions for the next 18 months
- » How will private markets emerge from this financial crisis?
