Japan Korea Week

12 - 16 June 2023

**Accelerating Japanese
and Korean investments
into infrastructure**

PEI

Be part of Asia's number one infrastructure event

The Infrastructure Investor Japan Korea Week returns to Seoul and Tokyo this June, bringing together **the largest gathering of institutional investors in the region** to discuss the opportunities for investing in the asset class.

Hear from Asia's leading institutional investors and gatekeepers on their off-shore investment strategies and insights, and learn about infrastructure investing opportunities in North Asia.

12-13 June, Conrad Seoul

15-16 June, Shangri-La Hotel

All attendees become members of the **Infrastructure Investor Network**, enhancing your networking experience before, during, and after the event.

Speakers at the Tokyo Forum include:

Gain valuable insight from the experts

Seoul Forum

Effectively working with Korean asset managers

- Understanding the role of the asset management firm in Korea
- How do asset managers view the global infrastructure market and where do they see the best investment opportunities?
- How can international GPs effectively work with Korean asset managers?

Investors views on the market

- Are Korean investors increasing their allocations in the asset class? How do they view infrastructure vs other private market asset classes?
- How have rising interest rates and the energy crisis impacted on investors strategies?
- Considerations on foreign exchange premium and hedge practice in Korea

Gain valuable insight from the experts

Tokyo Forum

Infrastructure's role in uncertain economic times

- Given rising interest rates and economic uncertainty how will investor returns likely evolve?
- What will infrastructure investors need to do differently to protect the strengths of this asset class?
- In an increasingly competitive market for assets, how do funds keep their competitive advantage and access the best deals?

Understanding Japanese investor appetite for the asset class

- How do investors view infrastructure in comparison to other private market asset classes? Still at the head of the pack?
- How have rising interest rates and the energy crisis impacted on investors strategies?
- Core/Core plus & Open/Close funds - which strategies are currently seen as preferential?
