Testimonials

How regulators and markets are responding to the evolving EU sustainable finance

“This was a great event with interesting panels and panellists, a well-planned agenda and great organisation with regards to the venue, the catering and the location. It was great to be back in person and able to meet peers. Looking forward to attending next year.”

Asset owner,
Tesco Pension Investment

“I've attended RI Europe twice now and very much appreciate the quality of delegates and conversation. It's the go-to venue to gauge developments on ESG integration.”

Asset owner,
PGGM

Programme at a glance

1 Get real insight from leading figures

RI Europe's innovative programme gets straight to the point on what sustainability means for business and investment in the real world. We ask the right questions and deliver the answers.

2 Build a long-lasting network

Our event attracts stakeholders from across the sustainable finance industry. Network in-person at our workshops, panels, private breakfasts, debates, and evening drinks reception.

3 The place to meet asset owners

Hear from investors honing their sustainable finance strategy and creating real impact. Those already confirmed to attend in 2023 include Alecta, Railpen, PGGM, AP7, Folksam, USS, Church Commissioners, London Pensions Fund Authority, Wellcome Trust, Merseyside Pension Fund, Prudential, Pension Protection Fund, Tesco Pension Investment, and many more.

Featured sessions from agenda

Net zero: Are financial institutions on track to meet 2025 goals?

- » What will be the main challenges in meeting the first round of interim targets?
- » Could the risk of missing targets lead to hurried divestment from higher-emitting sectors/jurisdictions?
- » How much leeway is built into the system?
- » If targets are missed will the credibility of the net zero project be affected?

Regulation: Taking stock of EU sustainability regulation

- » Two years of SFDR: an evaluation of implementation and its impact
- » Is the 'Article 9 exodus' a sign SFDR is working effectively or a cause for concern?
- » Preparing for CSRD: what is the investment community expecting?
- » Interoperability or unwanted burden: EU regulation and the rest of the world

Featured sessions from agenda

ESG in the polycrisis: The challenges for asset owners

- » Has investing sustainably become more challenging for asset owners over the past two years?
- » What is keeping senior leaders and asset owners up at night in 2023?
- » How are investors balancing the need to meet short terms return hurdles with longer term considerations when selecting assets?
- » How are investors prioritising their time and efforts on sustainability – is it really front and centre now?

Regulation: Taking stock of EU sustainability regulation

- » Biodiversity as a systemic risk: how are central banks approaching the challenge?
- » Transition risk: how can investors prepare for biodiversity regulation?
- » Measuring biodiversity risk across portfolios: methodologies, tools and barriers
- » Helping corporates understand the relevance of biodiversity loss to business models
