

Alongside hosting the *PDI Japan Korea Week*, Private Debt Investor is also the leading intelligence service for professionals in the private debt asset class.

Our award-winning journalists and research teams are at the forefront of industry trends - from specialty financing to NPLs - and deliver deep insight and actionable data on investors and managers active in private debt to our customers so they can make more informed investment decisions.

A subscription to Private Debt Investor gives you everything you need - news, analysis, data - in a single platform that cannot be found elsewhere. Through this Data Snapshot, you can see a glimpse of the fundraising and investor data available with *Private Debt Investor*. Our deep relationships with over 2,600 LPs with allocations to the asset class and 1,800 fund managers allow us to provide our subscribers with granular data on the private debt asset class.
