0930 Keynote Panel: Infrastructure investing opportunities in a deglobalized world

- Which markets stand to *benefit* from reshoring (Europe/Asia?)— and which are structurally disadvantaged?
- How should investors rethink geographic and regulatory risk?
- Will digitalisation and decarbonisation themes continue to dominate? What emerging trends should investors be aware of?

Moderator: Phillipe Wind, Operating Partner, **La Caisse**
Speakers: Speaker, **Antin Infrastructure Partners**
Speaker, **Vauban Infrastructure Partners**

1020 Break

1050 Panel: Powering the infrastructure of the future

- Modernising electricity networks: How are investors strengthening and upgrading transmission and distribution systems to ensure long-term reliability?
- The energy behind AI: What investment strategies are emerging to support the massive power requirements of global data centre expansion?
- Balancing the power mix: How will renewables, nuclear, grid upgrades, and storage solutions collectively shape the next generation of energy infrastructure?

Moderator: Yuriy Humber, President, **Yuri Group**
Speakers: Joost Bergsma, Global Head of Clean Energy, **Nuveen Infrastructure**
Speaker, **Stonepeak**

1140 Presentation

1200 Lunch & Networking

1300 Panel: The shift toward core-plus: Rethinking risk, value creation, and stability

- What is driving the push up the risk curve?
- How can investors still achieve double-digit returns without taking value-add risk?
- Is core-plus about risk, return, or both?

Moderator: Tatsuro Ejiri, Senior Vice President, **Aksia Japan**
Speakers: Serkan Bahceci Partner & Head of Research, **Arjun Infrastructure Partners**
Alistair Ray, CIO, **Dalmore Capital**
Philip Kent, CEO, **Gravis**

Jeff Pentland, Managing Director, **Northleaf Capital Partners**
Speaker, **Palisade Investment Partners**

1345 Presentation

1405 Panel: Japanese LP Strategies for Digital Infrastructure: allocation, risk, and value creation

- Which countries or segments are presenting the best risk–reward right now? In data centres, fibre and/or towers?
- What are the biggest obstacles in developing digital infrastructure assets and how do you mitigate these?
- How has investing in this segment evolved over time, in terms of moving away from single-asset investments towards platforms?

Moderator: Ari Druker, Advisor, **Flying Point Capital**
Speakers: Speaker, **Ares Management**
Speaker, **Palistar Capital**

1450 Break

1520 Panel: The infrastructure transport revival: capitalising on its megatrends

- Where is the actionable pipeline in transport? High speed rail, freight corridors, port/logistics hubs, EV charging networks, autonomous vehicles infrastructure.
- Decarbonisation, digitisation, supply-chain resilience and their impacts in reshaping transport infrastructure
- Understanding the Risk/return profile in transport: long-duration cashflows, inflation linkage, regulatory risk

Moderator: Tom Taylor, Reporter, **Infrastructure Investor**
Speakers: John Hanna, Managing Partner, **Basalt Infrastructure Partners**
Nick Gibson, President, Asia Pacific**, Glydways**
Tokushi Kojima, Managing Director, Strategic Partnerships, **OMERS Infrastructure**

1610 Panel: From core to transition: Where Japan's institutional capital Is moving next

- Global allocation strategy: How are Japanese LPs thinking about overseas deployment in the current macro-economic environment?
- Portfolio construction: Core and core-plus remain central, but where are Japanese investors comfortable extending into value-add or thematic strategies such as energy transition and digital infrastructure?
- Risk management: How are LPs incorporating technology disruption and geopolitical uncertainty into scenario planning?

Moderator: Takako Koizumi, Managing Director, **Konomi, Inc**
Speakers: Kosuke Hotchi, Fund Manager, **Daido Life Insurance**
Masamichi Sato, General Manager, Infrastructure Investments, **Japan Post Insurance**

0910 Keynote Presentation

Mari Tanaka, Director - Research and Data Analytics, Private Markets, GPIF

0930 Keynote Panel: The rising convergence of real assets and real asset investing strategies

- The convergence trend: How power grids, data centres, fibre networks, and logistics assets are increasingly interdependent — and why investors should evaluate them as part of an integrated ecosystem
- Why leading LPs and GPs are shifting toward multi-asset operating platforms that combine energy access, digital capacity, and physical distribution advantages.
- How are GPs resourcing and realigning their real assets teams and strategies in light of growing convergence?

Moderator: Yasuhiko Hama, Managing Director, **Crosspoint Advisors**
Speakers: Peter Hobbs, Managing Director, **bfinance**

1020 Break

Stream A: Infrastructure Investing under the microscope	**Stream B Investing in Real Assets and Private Markets 101**
1050 Panel: Spotlight on Energy Storage • What new storage technologies are emerging — and how should LPs evaluate their risk-return and scalability? • How are investors successfully navigating merchant risk, cashflow stability and other challenges in this sector? • How should investors position storage exposure: direct investments, coinvestments, funds, or project-platforms — and how does this integrate with their broader infrastructure and energy transition portfolios? **Moderator:** Alex Bebov, Director, **BAC** **Speakers:** Michael Butler, Managing Partner – Japan, **TagEnergy**	**1050 Panel: Infrastructure and Real Estate in private markets – understanding their role in the portfolio** • How should LPs distinguish the role of real estate versus infrastructure in delivering income stability, inflation linkage, diversification, and long-term capital preservation? • What are the most important issues Japanese LPs should be aware of when building a resilient real assets portfolio? • How do infrastructure and real estate behave across rate cycles, inflationary environments, and economic slowdowns, and where do they genuinely complement each other?

	Moderator: Kallan Resnick, Partner, **Park Hill Group** Hironobu Nakamura, CEO, **Canadian Solar Asset Managment** **Speakers:** Joji Takeuchi · Executive Manager, **Asset Management One** Ryoichi Ikeda, Senior Fund Manager, **Tokio Marine Asset Management**
5mins intermission	
1135 Panel: Infrastructure debt in the era of private credit ascendance • What role will infrastructure debt play in private credit's growth story? • What does this mean for infra equity? Will AUM for debt begin to exceed equity? • The fallout from the asset-backed lending phenomenon that is expediting private credit's growth **Speakers:** Yuki Kimura, Executive Officer Head of Infrastructure Investment Division, **DBJ Asset Management** Shoji Misawa, Managing Director, **Orix Bank**	**1135 Panel: Investing in real asset market vehicle types: Open vs Closed end funds** • Understanding structure vs. outcome: How the choice between open-ended and closed-ended vehicles shapes return profile, pacing, liquidity, fees, and governance for real asset portfolios. • Aligning duration and objective: Matching fund structure to the goal — stable income, inflation protection, platform growth, value creation, or transition / development exposure. • Managing risk and alignment: Evaluating performance transparency, valuation practices, redemption management, and co-investment access across both models. **Moderator:** Sayaka Iwase General Manager, Five Arrows Managers S.A., Tokyo Branch**,** **Rothschild & Co** **Speakers:** Kenichiro Matsunaga, Director, Infrastructure Investment, **Japan Post Bank** Len Umantz, Head of External Manager Research, **Rogers Investment Advisors**
5mins intermission	

1215 Panel: What next for the Japanese Infrastructure market?	1215 Panel: Hiring young talent into private markets in Japan
• The role of battery storage: Japan's biggest infrastructure investing opportunity? • How are corporates, GPs, and institutional investors collaborating on platform models? • How are Japan's energy transition goals, grid constraints, and electrification trends reshaping investment priorities across renewables, transport, and social infrastructure. **Moderator:** Dan Shulman Chief Executive Officer, **Shulman Advisory** **Speakers:** Hideo (Leo) Nakajima, Deputy President, **Daiwa Energy & Infrastructure** Yuko Watanabe Shah Chairman, **Hexa Energy Services** Kenjiro Okamura, CIO, **Japan Extensive Infrastructure** Virginie Sandiliya, Director, **Shizen Energy**	• How and where are LPs and GPs sourcing junior talent today? How have traditional recruitment streams changed? • What uniquely Japanese barriers or opportunities shape this market? • What does effective early-career development look like in private markets? **Moderator:** Saina Chiba, Fund Placement, **Astris Advisory** **Speakers:** Katsura Suezaki, Expert, **AXA Life Insurance** Tomoko Kitao, Managing Director, **Hamilton Lane** Yuka Hata, Senior Managing Director, **Japan Investment Corporation**
