Investors have their eye on ESG investments.

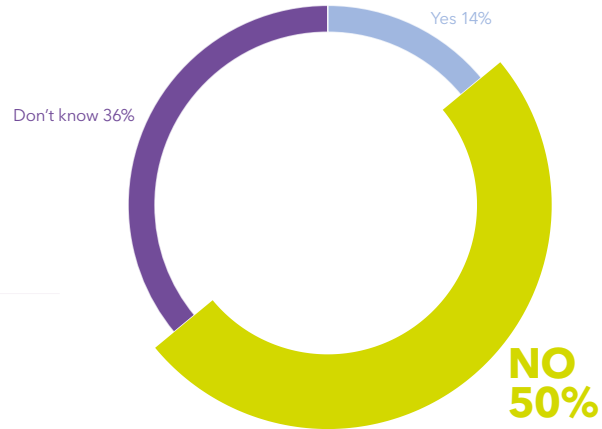

Private equity investors are placing greater importance on, and paying closer attention to, environmental, social and governance integration across their portfolios. Proponents of ESG frameworks will be pleased to see that **respondents are more likely to stay firm with their ESG policies than relax them through the covid-19 pandemic.**

In the back of people's minds, ESG is something that they know will be a strategic priority once the dust settles

Meet the right people

Through enhanced search capabilities, you can see who is attending and filter through the attendee list by seeing only those with similar investment strategies, allocations, regions and more.

Chat and arrange 1-to-1 video meetings

Book unlimited 1-on-1 video meetings with Japanese LPs, speakers, and global attendees in virtual meeting rooms. Create a want to meet list to make sure you don't miss networking with any potential business partners.

Lead the global conversation

Through "birds of a feather" sessions, you can knowledge-share with the global private equity community. "Birds of a feather" is the virtual equivalent of a breakout or roundtable at a traditional conference, you will be face-to-face with like-minded peers to discuss the asset class' latest trends and strategies.

Ask your questions to the titans of industry

Following panels during the conference week, speakers will be available for live Q&A to answer your questions. Engage in live polling and receive automated reminders so you will not miss your favourite sessions.

Content on-demand when you need it

All content will be streamed live and available on-demand through the platform. Watch live or watch when it suits you from the comfort of your home (office). Private messaging and discussions are also available. You can access the platform until the end of 2020.
